REBELS OBJECT TO A. B. C. MEDIATION

Do Not Want South Americans to Settle Trouble.

SAY MEXICANS OPPOSE IT

Cannot Understand Why Outsiders Should Interfere With Their Affairs. United States Urges Envoys to Go Ahead With Their Plans—Says This Country is Responsible.

Washington, June 15.—General Venustiano Carranza, leader of the revolutionists, is awaiting word from the A. B. C. mediators that representatives to the Niagara peace conference will be received. Until he possesses this advice his representatives, Fernando Inglesas Calderon, Luis Cabrera and Jose A. Vasconcelos, will remain where they are, the first at Saltillo, and the last two here in Washington.

Charles A. Douglas, of counsel for the revolutionists carried this information to Secretary Bryan at the state department. Mr. Bryan assured Mr. Douglas that General Carranza would receive notification that his delegates would be received.

Bryan Phoned Instructions. Immediately following the conference between Mr. Bryan and Attorney Douglas, the former got in communication by telephone with Justice Lamar and Frederick H. Lehmann, the American delegates to the conference, and instructed them to use their good offices with the mediators. Mr. Bryan directed the American delegates to inform the mediators that the invitation to General Carranza need not be a formal one, but merely a suggestion that his representatives will be received.

Carranzistas Object. Mr. Bryan was informed that the Carranzistas objected seriously to the mediators settling the trouble. They asserted such action would have a bad effect on the Mexican populace.

As it was explained to the secretary of state, it will be a difficult task to maintain order in Mexico for a year or more under the best of conditions, but almost impossible if the government which succeeds Huerta is forced constantly to explain why Brazil, Argentina and Chile, three foreign countries which have little or no interests in Mexico, forced a compromise when the revolutionary army was at the gates of Mexico City.

The secretary of state has been informed that this will not be the attitude if the United States exercises the pressure to induce the Carranzistas to accept the agreements and protocols signed at Niagara Falls.

As a result of this advice the United States will urge the mediators to go ahead with their plans for settling the trouble to ask the revolutionists to send representatives, but above all complete the plans of settlement and induce Huerta to sign them. The mediators will be informed, if they have not already been notified, that the United States will be responsible for the revolutionists and will bring them into line.

Take Nothing From Mediators.

Secretary Bryan stated the mediators and the American and Huerta delegates to the conference had agreed to the manner in which the transfer of power shall be made. This information was conveyed to the revolutionists, and it was said that it met with their approval, but that they would accept it only after the United States urged them to do so.

They virtually have notified the state department they will not agree to any of the plans for settling the internal affairs of Mexico unless the representations for them to do so come directly from the United States and not from the mediators. This bears out their statement that they cannot consistently accept anything from the A. B. C. mediators.

LAD TO REST

Funeral of Mrs. Horace P. McGee Held at Mahaffey.

The funeral of Mrs. Horace P. McGee was held at Mahaffey Sunday. Among those from Clearfield who attended were J. R. McMurray, Miss Josephine Floyd, Russel and Walter McMurray, Dr. F. G. Bennett, Mr. and Mrs. Reuben Neving, Mr. and Mrs. George Gallagher.

Will be Sentenced Later.

The young man who stole Senator McQuown's automobile and took a joy ride to Osceola was in court this morning and plead guilty. He will be sentenced later.

The farmers are feeling blue at present over the poor prospect of the hay crop.

HIS AUTO BURNED

And Doctor Postponed His Intended Trip to Clearfield.

Dr. Frank A. Lorenzo early Saturday morning had a narrow escape from being seriously burned when for a second time in a period of two weeks a car belonging to him caught fire.

The first accident resulted in the complete destruction of a Nyberg car owned by Dr. Lorenzo, and his Ohio-99 is partially wrecked as the result of a gasoline explosion, which occurred while the fluid was being poured into the tank on the rear of the car.

Dr. Lorenzo had just returned from witnessing the fireworks display at Walston at about 12:30 a. m., and anticipating an early morning trip to Clearfield, decided to save time by filling his tank. The first five gallons were poured in without mishap. But, upon beginning to pour his second can, someone, who had been holding the top up over the tank, released it, and the back of the top fell squarely across the spout of the can, snapping it off, and causing the gasoline to run over the tail light.

Dr. Lorenzo, who had been accustomed to an electrically lighted car, had forgotten an oil tail light and neglected to extinguish it. No sooner had the gasoline struck the lamp than it was ignited and the flames shot up with terrific force. With his foot wedged into the rear spring, on which he was standing, a five-gallon can of gasoline in his hand, and flames shooting up about him, the doctor showed rare presence of mind, throwing the can far over his shoulder, and then devoted his time to extricating himself from the car spring. This he did not succeed in doing, however, without having his fingers and hands scorched and slightly blistered.—Punxsutawney Spirit.

B. R. T. MEMORIAL

Event One of the Most Impressive Held by Local Branch.

Services were held by the Brotherhood of Railway Trainmen Sunday afternoon. Instead of being held in Mechanic's hall, West Side, as the Progress was informed Saturday the services were held in Odd Fellows hall, Clearfield.

The program as printed in this paper Saturday was carried out with several changes. There was some excellent singing and addresses were delivered by Rev. Peters and John P. McCurdy. The solos by Miss Hoyt and Miss Shaw were pleasing and the singing of the choir from the West Side M. E. church delighted the assembly, showing that the singers had been well trained.

Memorial exercises commemorating the death of two members of the lodge in the year were held in an impressive manner.

MADERA MAN DROWNS IN CLEARFIELD CREEK

Foreigner, Unable to Swim, Meets Death in the Water

A drowning accident took place at Madera Saturday afternoon a foreigner being the victim.

A party of men were swimming in Clearfield creek at Madera Saturday afternoon about 3 o'clock. Joe Konich, a Poleander, decided to join them, but had been in the water only a few minutes when he was seized with cramps, drowning before assistance could reach him. He could not swim.

Joe had no relatives in this country. He had some money in bank and letters of administration on his estate were taken out this morning.

WON A PRIZE

Paul Haney, of West Side, Among Fortunate Ones.

Paul Haney, 701 Nichols street, West Side, has been awarded a prize for a record development in height and weight. The contest was open to every boy and girl in the country, over 16,000,000 in all. Only 225 prizes were awarded, so the honor of winning a prize is great.

The contest has been run by the Ralston Purina company, the only condition being that the boy or girl must eat Ralston Wheat Food. This is probably the largest contest of its kind ever carried on and we are very proud that Paul won one of the prizes.

The Saint Francis school will hold a social on the lawn surrounding the school building Wednesday evening, June 17.

YOUNG PEOPLE WILL TAKE PART

Junior Chautauqua to be Held in Clearfield in July

MANY AMUSEMENTS PLANNED

Games, Picnic Hikes, Folk Dances and Other Sports to Entertain the Little Folks—Stories Will be Told and a General Good Time Had by all.

While plans for the grown-up's Chautauqua week are so excitedly buzzing, it is not amiss to call attention to the arrangements which are being made for the Junior Chautauqua, which will be conducted at the same time as other—July 6-12. It will be exclusively for the youngsters, who will have the time of their lives.

Junior Chautauqua will again be in charge of Miss Anna Oppenlander, who was director last summer, and made it such a marked success. The plans she has outlined are so attractive that they make the writer almost wish that he were to be one of the Junior Chautauqua youngsters.

A Varied Program.

The programs are to be varied and unusual. There will be story hours when every story will be the kind that make you hold your breath for fear that you will miss a single word. The story hours will be varied by information hours when such subjects as "Birds" and "Good Citizenship" will be gravely discussed for the benefit of all concerned.

Time will be found during the busy week to teach every youngster at least one folk dance, and some of the Junior Chautauqua will learn every folk dance of the nations. A victrola with special records has been provided to furnish the music for these dances.

Games Every Day.

Of course there will be games every day, new ones and old ones. They will be graded for the small children and the larger ones, ball, relay games, folk-singing games will be played under the careful supervision of the two college-girl leaders. Each day time will be found for a few calisthenic exercises arranged to the music of the Victrola.

One day during the week it is planned to have a picnic hike for the older girls and boys. The occasion is sure to be a joyous one. Another day will be set aside for a small field meet, when all sorts of events will be arranged. There will be races for girls and races for boys, potato races and sack races and all the other varieties of races which have caused the joy of life to run high. There will be baseball throws, and basket ball throws, and a long list of new games which it would be necessary to see in order to know them, as some have been invented just for Junior Chautauqua.

Ends With a Simple Play.

On the last day, a simple play will be given by the Junior Chautauqua for the benefit of the Senior Chautauqua. It is called "Mother Nature's Children" and such characters as Mother Nature, Rain, Jack Frost, and Snow will appear at their best. During the week and most of the other joyous games will be repeated, not only for the sake of doing it, but for the joy of the Junior Chautauqua.

Each day during the series lecture in the afternoon, a special session for all Junior Chautauquans will be conducted elsewhere in the town, when many of the best stories will be told and the best games played, while the grown-ups will not be disturbed by the noise of the youngsters.

WILL SAVE \$15,000

Railroads Will Benefit by a Forthcoming Order.

Formal orders by the interstate commerce commission in the so-called industrial railways case, forbidding the railways to perform certain free services for large industrial plants, said to be worth upwards of \$15,000,000 a year, are about to be issued.

This will afford the railroads an opportunity to have the question adjudicated as they wish.

Stonework Completed.

The stone foundation for the addition to the Lutheran church has been finished and the carpenters are putting in the floor joists.

PLAN TO DODGE LOCAL OPTION

Penrose Anxious Not to Offend the Liquor Interests

PLATFORM COMMITTEE NAMED

W. I. Swoope, of Clearfield, Will Help to Revise the Party Rules—Brumbaugh Still Refuses to Say Where He Stands on the Issue of Prohibition.

Philadelphia, June 15.—Unless the wiser heads among those in control of the Republican state organization shall prevail the Penrose leaders will see to it that the party platform about to be prepared will ignore entirely the local option issue. It is probable that the question of woman suffrage will be likewise avoided, and each candidate permitted to express his individual views without committing the organization to any hard and fast program on these measures.

Chairman William E. Crow, acting under resolutions adopted by the state committee at Harrisburg, on June 3, appointed on Saturday the following committee on platform: John R. Halsey, Luzerne, chairman; Senator William C. Sprull, Delaware; Raymond MacNeille and Blakely D. McCaughn, Philadelphia; ex-Lieutenant Governor Walter Lyon, and ex-Representative David B. Johns, Allegheny; James R. Marsteller, Lehigh; George L. Miller, Clinton; William G. O'Malley, Lackawanna; Augustin H. Gaffney, McKean and ex-Congressman Josiah D. Hicks, of Blair. The committee will confer with Senator Penrose and the candidates upon the state ticket at a meeting expected to take place in this city before the end of the present month. The platform thus agreed upon is to be presented to the state committee for adoption when it convenes in this city on July 15.

Local Option Dangerous.

As explained Saturday it is the plan of the Republican leaders to present a platform which can be accepted by the party generally. The local option issue is regarded by them as one with peculiar geographical distinction. In some counties the candidates for the legislature are favorable to the movement against liquor, while in others, and particularly so in this city, the saloon vote it being actively lined up for Penrose. By avoiding the issue entirely the candidates of the party would be expected to subscribe only to the general declarations of principles and could suit themselves on the troublesome measures.

Dr. Brumbaugh, who has declared that local option is a practical solution of the liquor question would thus be free to present his own views on this matter without speaking for the party as a whole. This plan, leaders insist, would not be intended as a slap at Brumbaugh, but an expedient to get all elements in line for the organization in the fall. The platform generally is expected to indorse the other Brumbaugh declarations for reform in the state government and to uphold Penrose in his attitude of bitter opposition to the Wilson administration.

W. I. Swoope a Member.

Chairman Crow Saturday also appointed a committee consisting of L. C. Thomas, of Westmoreland, chairman, W. I. Swoope, Clearfield, and W. F. Egan, Allegheny, to revise the Republican party rules. This committee is also expected to report at the gathering of the state committee on July 15.

Political developments of the past few weeks have caused a change in the plans of the organization, and a busy summer campaign will probably replace the vacation period originally scheduled. Chairman Crow expects to be in the city almost every day from now until the election, and the party forces will be kept actively engaged during the warm weather in arranging for the registration of voters and for the fall campaign. Numerous conferences with up-state leaders will be held during the summer.

Republican workers continued to speculate Saturday over the failure of Dr. Brumbaugh to attend the Lincoln club dinner at Essington, last Friday night. In some quarters the view was expressed that the incident would aid to establish his reputation as a candidate among the independents, while in the simonpure organization camps he was criticised for what has been ac-

cepted by many as a snub to Penrose, his running mate.

Brumbaugh Still Silent.

At Valley Forge Saturday Dr. Brumbaugh declared that the importance of the affair had been exaggerated. "The incident is a tempest in a teapot," he said. "I am not talking politics at present. I have enough to do just now in attending to the schools. I did not attend the dinner because of a previous engagement at the Hathor High school commencement. That is the truth about it."

Dr. Brumbaugh was asked regarding a statement of Chairman Crow that the state committee would conduct the campaigns of all of the Republican candidates.

"That is a matter which will be decided after we get to it," said Dr. Brumbaugh.

Asked concerning the statement of Chairman Detrick, of the Washington party state committee, that he and Senator Penrose had a distinct understanding to remain apart on the stump, Dr. Brumbaugh replied: "I did not know I had delegated Mr. Detrick to speak for me. When the time comes I will speak for myself."

FARMERS, ATTENTION

Horses Will be in Great Demand on the Fourth.

J. H. Bennett, of Ridgway, designer and decorator, has arrived in Clearfield and will be in consultation with those citizens who wish to take part in the industrial parade on July 3 and 4. Mr. Bennett will give his advice free of charge.

John A. Stock, chairman of the industrial parade, and his assistants, E. E. Jimeson and George Rosser, advise the farmers of Lawrence and adjoining townships to take advantage of the opportunity to hire out their horses on these two days, as the committee feels sure there will be a lack of horses to haul the wagons and floats in the parade.

The parade committee is hard at work and announcement will be made in the papers tomorrow of what is proposed to be done.

ST. FRANCIS SCHOOL STUDENTS GRADUATE

Commencement Exercises Held in Church Sunday Evening

The commencement exercises of the St. Francis High school were held in the St. Francis church last evening. The class was composed of three members: Esther Christine McCalister, Helen Josephine Daugherty, and Delia Louise Beahan.

The students of the High school marched in a body to their places in the main aisle at the beginning of the services. Rev. Father Ryan addressed the graduates in a very pleasing manner. He impressed upon them the necessity of living up to the principles and teachings of Saint Francis, and by so doing they would be an honor to their parents, to their school and to their church.

Diplomas were distributed and \$20 in gold which was given by the Knights of Columbus to be awarded as prizes to the members of each class who attained the highest scholastic standing were awarded. The Senior prize was divided between Misses Esther McCalister and Helen Daugherty, each receiving \$5. The Junior class prizes were awarded to Miss Catherine Roessner and Raymond Lansberry. The Sophomore prize was won by Miss Mary Leitzinger and the Freshman prize by Miss Lucinda Walsh. Each of the latter prizes was \$2.50 in gold.

LOWER PARK RAIDED

Two Girls and a Number of Boys Rendezvoused There.

The police raided the lower Witmer park Sunday night, capturing two girls and one boy. It is said that there were a number of boys with the girls but they got away before the police could get them.

The girls are said to have hard names, although quite young. The boys who were with the girls will be looked after and the girls will likely be sent to a reformatory.

Will Meet on Lawn.

If the weather is propitious the prayer meeting services of the Presbyterian church will be held on the lawn Wednesday evening, an innovation planned to give comfort to the members of the congregation.

CHILDREN'S DAY

Delighted Children Will Enjoy the Day

LITTLE TOTS INFORMED

Their Voices Will be Heard in the Church Sunday Evening

The children of the St. Francis church will be in a most happy mood on Sunday evening when the children's day exercises will be held in the church. Judge and Justice of the Peace, and other dignitaries will be present, and the exercises will be most enjoyable. The day was especially set aside for the children, and the exercises will be most interesting to the parents and friends.

All of the children of the St. Francis church will be in a most happy mood on Sunday evening when the children's day exercises will be held in the church. Judge and Justice of the Peace, and other dignitaries will be present, and the exercises will be most enjoyable. The day was especially set aside for the children, and the exercises will be most interesting to the parents and friends.

The presentation by the Rev. Father of a handsome number of children of various ages and over was a very interesting ceremony.

Dr. Moore baptised the following: John Josephine Daugherty, Samuel Keith, Owen, George Edward Tread, Josephine Potomac, Anna, Evelyn, Alice Ann, and Lucinda Louise. The exercises were most interesting and the children were very happy.

At the Lutheran Church. The children of the Lutheran day school held their annual evening and was greatly enjoyed. From the speech of little Miss Cornelia O'Connell, song, "Baby Little Wee-wee" the children, the exercises were very interesting. The youngsters planned the exercises with songs and recitations.

At the close of the exercises Dr. R. Allenbach spoke to the children, telling them a story of the Bible, why they are variously colored, what each color was given to them. Altogether the exercises were most interesting.

One child was baptised by Dr. R. Allenbach in the Lutheran church.—David LeRoy Cathart.

At Trinity M. E.

The exercises at Trinity M. E. church consisted of a program of songs and speeches appropriate to the day. The little folk had been well trained in their respective parts and gave themselves in a most capable manner, their singing being especially good. Dr. Bender addressed the children and explained the significance of the occasion, urging them to remember that they have work to do in this world.

The rites of baptism were administered to the following little ones, giving a touch of solemnity to the event:

Fred Lawrence Mangler, son of Charles and Emma Mangler. Bertha, daughter of Mr. and Mrs. George M. Rosser.

James Donaldson Staver, son of C. C. and Beulah Staver.

Donald Edward Gingery, son, and Sara Leavy, daughter of Donald and Emma Gingery.

Richard Heron McCleod, son of C. C. and Florence McCleod.

Margaret Ennis and Maybell Ennis, daughters of Henry H. and Ethel Ennis.

Debbie Dooley and Margaret Add, daughters and Wurman Edward, son of Lewis and Esther Dooley.

Axel Wilhelm, son of A. W. and Helen Leonardson.

Bertha Aldine and Grace Aldine, daughters of E. E. and Mary Reed.

At U. S. Church.

A large audience witnessed the children's day exercises at the U. S. church, in the East End. The singing in this church was especially good, while the parts taken by the children were most agreeably performed. May Kelly, Jeannette Kneeland, Margery Cowdick and Merrill Leigh delighted the audience with their pretty songs and recitations.

CHILDREN'S DAY.

Observance of Children's day in the
churches is a custom at once beau-
tiful and instructive. To devote one
Sunday in the year to the exclusive
pleasure of the little ones gives them
as well as older persons an opportu-
nity to enjoy an occasion full of de-
light. The churches of Clearfield
celebrated the day in an appropriate
manner, the hundreds of tots carrying
out programs of exercises of music
and recitations which gave great plea-
sure to those who witnessed the enter-
tainments.

There has never been a more beau-
tiful sight than that seen in the
churches when the platforms were
filled with neatly dressed bright-
faced children ready to take part in
the exercises. From the infant of
five years to the lass of fifteen all of
the children entered into the spirit of
the occasion with a vim that was
worthy of the praise they each and all
received from parents and friends.
There is no event connected with
church activities that surpasses in
pleasure and impressiveness the ex-
ercises of Children's day.

A DEMOCRATIC BLUNDER.

That President Wilson will sign the
bill surrendering American rights in
the Panama canal there is not the
least doubt. The president's surren-
der to British domination has been com-
plete, despite the platform declara-
tions of his own party and the expres-
sed opposition of a majority of the
citizens of the United States. Truth-
fully has it been said that Wilson is a
"hot" Englishman than an American.

This Democratic blunder is likely to
cost the Democratic party dearly.
That party, through its president,
has brazenly repudiated its platform,
ignored the protests of the American
people and permitted Great Britain to
strike another serious blow at the
Monroe doctrine. It has also made it
plain that the present administration
has no intention of encouraging the
building up of an American merchant
marine. All of which will be remem-
bered by the people when the next
congressional and presidential elec-
tions occur.

Prospectors might make rich hauls
if they were to mine the layers' of
debris on Third street, between Mar-
ket and Locust streets.

Quite a number of the towns in this
county are preparing to have a big
celebration of the Fourth. Patriotism
is not dead, by any means.

The small boy defies fate and the
borough authorities by setting off fire
crackers three weeks before the
Fourth.

Alas and alack! The British team

FIGHT ON NICARAGUA TO STIR SENATE NEXT

Proposed Treaty With Colom-
bia to Be Considered.

Washington, June 15.—Now that the
three months' fight for tolls has ended,
the Wilson administration is preparing
to press two other matters of inter-
national interest—the Nicaraguan and
Colombian treaties. Both of them
promise bitter opposition.

Mr. Bryan's announcement that he
hoped for favorable action on them
at this session seems to dispose finally
of any lingering hope of an early ad-
journment of congress. Both treaties
will be sent to the senate this week.

From the point of view of the for-
eign policy the Nicaraguan treaty is
by far the more important. While it
has not been finally signed, it will be
returned by Mr. Bryan to the senate
committee on foreign relations in prac-
tically the form in which it aroused
so much opposition a year ago. The
provision in the treaty that looks to
reducing Nicaragua practically to the
condition of Cuba under an American
protectorate is retained, and other pro-
visions are modified only slightly.

committee a year ago were outspoken
in their opposition to Mr. Bryan's ad-
vanced version of "dollar diplomacy."
Mr. Bryan said that at that time the
discussion did not get far enough be-
tween himself and the committee to
make the issue clear cut on particular
points. It is known that the language
of the Platt amendment, which gives
the United States control over Cuba's
foreign relations and the right to in-
tervene in case of domestic distur-
bance, was the feature of the Nicaragu-
an treaty that most excited opposition.
That provision, said Mr. Bryan, is
retained practically unchanged in the
treaty.

A Case of "Must"

In a book store I noticed a man fum-
bling over various magazines, impa-
tiently glancing now and then at a
scrap of paper he held in one hand as
he read the various titles. A clerk of-
fered his services, and the man asked:
"Got a fashion magazine called The
Grand Fashions of Paris?"
"No," said the clerk. "I never heard
of such a magazine."
"Neither have I," the man replied,
then added savagely, "I suppose I've
got to find whatever it is she wants,

MEAT INJURIOUS TO THE KIDNEYS

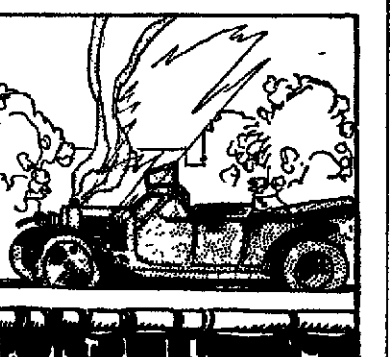

Take a tablespoonful of Salts if Back
hurts or Bladder Bothers.

We are a nation of meat eaters and
our blood is filled with uric acid,
says a well-known authority, who
warns us to be constantly on guard
against kidney trouble.

The kidneys do their utmost to
free the blood of this irritating acid,
but become weak from the overwork;
they get sluggish, the eliminative tis-
sues clog and thus the waste is re-
tained in the blood to poison the en-
tire system.

When your kidneys ache and feel
like lumps of lead and you have
stinging pains in the back or the ur-
ine is cloudy, full of sediment, or
the bladder is irritable, obliging you
to seek relief during the night; when
you have severe headaches, nervous

four ounces of Jad Salts; take a

ending urinary and bladder disorders.

No matter how low in price a garment may be, the workmanship will be of the best. Take for instance the line of crepe, muslin and nainsook gowns we are featuring at 98c. Examine and compare any one of the half-dozen styles with any \$1.50 garment sold elsewhere.

Want to Stop Democrats From Onslaughting Them from Office.

Aroused by the protests reaching Washington from Grand Army men throughout the United States because of the discharge or demotion of old soldiers in the government service by Democratic officials, President Wilson assured a committee representing the veterans that he would investigate the subject and see what could be done for the men in question.

A committee consisting of L. P. Shoemaker, Fulton R. Gordon and Charles Gardner, commander-in-chief of the Grand Army of the Republic, had an interview with President Wilson and impressed upon him the necessity of prompt action in restoring to their position Samuel R. Stratton, of Strattonville, Pa., and other Civil War veterans, who had been discharged by Democratic officials to make way for spoilsmen.

PRESENTED THE PORTRAITS

Thomas H. Murray, Esq., Makes a Handsome Gift to Bar.

Thomas H. Murray, Esq., this morning presented to the Clearfield County Law association the portraits of former judges of this county when it was part of a district. The judges were: Hon. Charles Huston, Hon. Thomas Burnside and Hon. George W. Woodward.

In presenting these portraits Mr. Murray made a very interesting address, praising the men whose pictures now adorn the court room, and paying especially warm tribute to Judge Woodward, and recounting reminiscences of the latter which were very entertaining.

At the close of Mr. Murray's eulogisms R. D. Swoops, Esq., on behalf of the committee, thanked Mr. Murray for the handsome gift he had made to the association. A special committee will be appointed to draft appropriate resolutions of thanks and an endeavor to get portraits of other judges who presided over the Clearfield county courts.

Will Serve Strawberries.

The Ladies Aid society of the Presbyterian church will serve strawberries, ice cream, cake and coffee on the lawn of the church Friday evening, June 19, 1914. In case of unfavorable weather the feast will be served in the church dining room. Everybody invited. June 15 5t.

More Money Found in River.

It is said that a boy found more money in the river at the Second street bridge. The suspicion that this money is part of that stolen from the Clearfield laundry some weeks ago grows stronger daily.

ODDS FAVOR ENGLISH TO WIN POLO MATCH

Result of First Game a Shock to Americans.

New York, June 15 — Betting odds favored the English team after the first match, in which the Americans were overwhelmed. The invaders are confident of taking the second game.

Loss of the first game was a great surprise to all Americans.

Major Barrett, captain of the English polo team, said: "American sportsmanship was responsible for the loss of the first international game to the defenders. For had the game been played on Tuesday, as arranged, we would have been compelled to put in a substitute, and this would have been very disastrous to the English team. We feel proud of American sportsmanship."

William A. Hazard, secretary and treasurer of the National Polo association, said:

"The English played the better game, had better direction, longer distance in their driving and played altogether better than the Americans."

Harry Payne Whitney rolled on the grass with glee when the first goal was scored by the Americans, but he soon relapsed into a profound silence that ended only with the game.

It was a triumph of magnificent team work and individually brilliant play. The American team was out played at every point of the game. Both offensively and defensively the British players showed superiority from the opening to the close, and there were but flickerings of the aggressively brilliant work that three quarters of the same team showed in both the 1911 and 1913 contests.

The Americans were as a team with out a leader like a disorganized quartet. The body was there, but the brains seemed missing. No one of the players had the quality of leadership, and what had been a perfect machine in years past seemed at times only fit for the junk heap, so erratic and disconnected was its movement.

With a jump of two goals in a little more than two minutes of play the English seemed to disorganize the American players.

TELEGRAPHIC TICKS.

A corporal of the French aviation corps was killed at Toul when the aeroplan which he was piloting fell 150 feet. A sapper, who was a passenger aboard the machine was probably mortally injured.

ADVERTISING CAR

Publicity Agents of Clearfield Chautauqua are on the Job.

The Chautauqua advertising car arrived here this morning to put the town in festive array for Chautauqua week. Messrs. Wiley and Sherrod were in charge of the car, a travel stained little Ford runabout, which stays here and in the county all day today and tomorrow. This car has an active program mapped out for it. During its stay the young men who form the crew must put up the big street banner, which measures 3x20 feet. This will constantly remind the public that Chautauqua week is July 6 to 12.

WHAT?

What would you do if you had a mil-
lion dollars and a bad cough?

CHILDREN'S DAY.

Observance of Children's day in the
churches is a custom at once beau-
tiful and instructive. To devote one
Sunday in the year to the exclusive
pleasure of the little ones gives them
as well as older persons an opportu-
nity to enjoy an occasion full of de-
light. The churches of Clearfield
celebrated the day in an appropriate
manner, the hundreds of tots carrying
out programs of exercises of music
and recitations which gave great plea-
sure to those who witnessed the enter-
tainments.

There has never been a more beau-
tiful sight than that seen in the
churches when the platforms were
filled with neatly dressed bright-
faced children ready to take part in
the exercises. From the infant of
five years to the lass of fifteen all of
the children entered into the spirit of
the occasion with a vim that was
worthy of the praise they each and all
received from parents and friends.
There is no event connected with
church activities that surpasses in
pleasure and impressiveness the ex-
ercises of Children's day.

A DEMOCRATIC BLUNDER.

That President Wilson will sign the
bill surrendering American rights in
the Panama canal there is not the
least doubt. The president's surren-
der to British domination has been com-
plete, despite the platform declara-
tions of his own party and the expres-
sion of opposition of a majority of the
citizens of the United States. Truth-
fully has it been said that Wilson is a
"hot" Englishman than an American.

This Democratic blunder is likely to
cost the Democratic party dearly.
That party, through its president,
has brazenly repudiated its platform,
ignored the protests of the American
people and permitted Great Britain to
strike another serious blow at the
Monroe doctrine. It has also made it
plain that the present administration
has no intention of encouraging the
building up of an American merchant
marine. All of which will be remem-
bered by the people when the next
congressional and presidential elec-
tions occur.

Prospectors might make rich hauls
if they were to mine the layers' of
debris on Third street, between Mar-
ket and Locust streets.

Quite a number of the towns in this
county are preparing to have a big
celebration of the Fourth. Patriotism
is not dead, by any means.

The small boy defies fate and the
borough authorities by setting off fire
crackers three weeks before the
Fourth.

Alas and alack! The British team
has carried off first honors in the polo
game. But what is polo, anyway?

Fourth class postoffices continue to
be distributed among the faithful, but
not in this part of the union.

Punxay Suffragists Organize.
Punxsutawney suffragists have or-
ganized with the election of Mrs. H.
R. Marton as borough leader; Mrs. H.
R. Williams, Mrs. Alfred Allison, vice
leaders; Mrs. Daniel Ritter, secretary
Mrs. Horace Miller, treasurer.

WOODLAND.

Mr. Stevens is having his house
treated with a new coat of paint.

Doris Wisor has been off from
work with a fractured arm, but is
now able to go to his employment
again.

Dr. Mauk is having some improve-
ments made at his home.

Mr. and Mrs. Foster Wisor spent
Saturday night and Sunday with his
father, Alfred Wisor.

Wm. Rowles has returned to his
work. He had been ill for a few days
but is better now.

There was a festival at the Juke-
grass Saturday evening.

John A. Wisor is all smiles. Mon-
day another big baby boy at his home
Mrs. William Spence, of Clearfield,
will spend a week with her sister, Mrs.
J. W. Lumadue.

George Parks is making quite an
improvement on his house. He is hav-
ing a front porch built. Joseph Shov-
ertul is doing the building.

Mr. and Mrs. Charles Wisor had a
party for Mrs. Stone Wednesday.
There was a large crowd and all had
a good time.

CAPTAIN JOHN BERRY.

Balloonist Hurt When
Lightning Struck His
Apparatus High In Air.

A terrific electrical storm overtaking
the four balloons which started from
Portland, Ore. for the northwest's first
national balloon race drove two of them
to earth and the gravest fears are enter-
tained for the safety of the other two.
A message brought by carrier pigeon in-
dicates that Captain John Berry of the Mil-
lion Population Club a St. Louis balloon
is seriously injured but the location of
the balloon is not known. Lightning
struck the Uncle Sam, another entry in
the race, three times, and she came down
near Oregon City.

FIGHT ON NICARAGUA TO STIR SENATE NEXT

Proposed Treaty With Colom-
bia to Be Considered.

Washington, June 15.—Now that the
three months' fight for tolls has ended,
the Wilson administration is preparing
to press two other matters of inter-
national interest—the Nicaraguan and
Colombian treaties. Both of them
promise bitter opposition.

Mr. Bryan's announcement that he
hoped for favorable action on them
at this session seems to dispose finally
of any lingering hope of an early ad-
journment of congress. Both treaties
will be sent to the senate this week.

From the point of view of the for-
eign policy the Nicaraguan treaty is
by far the more important. While it
has not been finally signed, it will be
returned by Mr. Bryan to the senate
committee on foreign relations in prac-
tically the form in which it aroused
so much opposition a year ago. The
provision in the treaty that looks to
reducing Nicaragua practically to the
condition of Cuba under an American
protectorate is retained, and other pro-
visions are modified only slightly.
While Democratic members of the

committee a year ago were outspoken
in their opposition to Mr. Bryan's ad-
vanced version of "dollar diplomacy,"
Mr. Bryan said that at that time the
discussion did not get far enough be-
tween himself and the committee to
make the issue clear cut on particular
points. It is known that the language
of the Platt amendment, which gives
the United States control over Cuba's
foreign relations and the right to in-
tervene in case of domestic distur-
bance, was the feature of the Nicaragu-
an treaty that most excited opposition.
That provision, said Mr. Bryan, is
retained practically unchanged in the
treaty.

A Case of "Must"

In a book store I noticed a man fum-
bling over various magazines, impa-
tiently glancing now and then at a
scrap of paper he held in one hand as
he read the various titles. A clerk of-
fered his services, and the man asked:
"Got a fashion magazine called The
Grand Fashions of Paris?"
"No," said the clerk. "I never heard
of such a magazine."
"Neither have I," the man replied,
then added savagely, "I suppose I've
got to find whatever it is she wants,
though."—Boston Record.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back
hurts or Bladder Bothers.

We are a nation of meat eaters and
our blood is filled with uric acid,
says a well-known authority, who
warns us to be constantly on guard
against kidney trouble.

The kidneys do their utmost to
free the blood of this irritating acid,
but become weak from the overwork;
they get sluggish, the eliminative tis-
sues clog and thus the waste is re-
tained in the blood to poison the en-
tire system.

When your kidneys ache and feel
like lumps of lead and you have
stinging pains in the back or the ur-
ine is cloudy, full of sediment, or
the bladder is irritable, obliging you
to seek relief during the night; when
you have severe headaches, nervous
and dizzy spells, sleeplessness, acid
stomach or rheumatism in bad weather,
get from your pharmacist about
four ounces of Jad Salts; take a
tablespoonful in a glass of water be-
fore breakfast each morning and in
a few days your kidneys will act
fine. This famous salts is made
from the acid of grapes and lemon
juice, combined with lithia, and has
been used for generations to flush
and stimulate clogged kidneys, to
neutralize the acids in urine so it is
no longer a source of irritation, thus
ending urinary and bladder disorders.
Jad Salts is inexpensive and can-
not injure; makes a delightful effe-
rescent lithia-water drink, and no-
body can make a mistake by taking
a little occasionally to keep the kid-
neys clean and active.

No matter how low in price a garment may be, the workmanship will be of the best. Take for instance the line of crepe, muslin and nainsook gowns we are featuring at 98c. Examine and compare any one of the half-dozen styles with any \$1.50 garment sold elsewhere.

Want to Stop Democrats From Onslaughting Them from Office.

Aroused by the protests reaching Washington from Grand Army men throughout the United States because of the discharge or demotion of old soldiers in the government service by Democratic officials, President Wilson assured a committee representing the veterans that he would investigate the subject and see what could be done for the men in question.

A committee consisting of L. P. Shoemaker, Fulton R. Gordon and Charles Gardner, commander-in-chief of the Grand Army of the Republic, had an interview with President Wilson and impressed upon him the necessity of prompt action in restoring to their position Samuel R. Stratton, of Strattonville, Pa., and other Civil War veterans, who had been discharged by Democratic officials to make way for spoilsmen.

PRESENTED THE PORTRAITS

Thomas H. Murray, Esq., Makes a Handsome Gift to Bar.

Thomas H. Murray, Esq., this morning presented to the Clearfield County Law association the portraits of former judges of this county when it was part of a district. The judges were: Hon. Charles Huston, Hon. Thomas Burnside and Hon. George W. Woodward.

In presenting these portraits Mr. Murray made a very interesting address, praising the men whose pictures now adorn the court room, and paying especially warm tribute to Judge Woodward, and recounting reminiscences of the latter which were very entertaining.

At the close of Mr. Murray's eulogisms R. D. Swoops, Esq., on behalf of the committee, thanked Mr. Murray for the handsome gift he had made to the association. A special committee will be appointed to draft appropriate resolutions of thanks and an endeavor to get portraits of other judges who presided over the Clearfield county courts.

Will Serve Strawberries.

The Ladies Aid society of the Presbyterian church will serve strawberries, ice cream, cake and coffee on the lawn of the church Friday evening, June 19, 1914. In case of unfavorable weather the feast will be served in the church dining room. Everybody invited. June 15 5t.

More Money Found in River.

It is said that a boy found more money in the river at the Second street bridge. The suspicion that this money is part of that stolen from the Clearfield laundry some weeks ago grows stronger daily.

ODDS FAVOR ENGLISH TO WIN POLO MATCH

Result of First Game a Shock to Americans.

New York, June 15 — Betting odds favored the English team after the first match, in which the Americans were overwhelmed. The invaders are confident of taking the second game.

Loss of the first game was a great surprise to all Americans.

Major Barrett, captain of the English polo team, said: "American sportsmanship was responsible for the loss of the first international game to the defenders. For had the game been played on Tuesday, as arranged, we would have been compelled to put in a substitute, and this would have been very disastrous to the English team. We feel proud of American sportsmanship."

William A. Hazard, secretary and treasurer of the National Polo association, said:

"The English played the better game, had better direction, longer distance in their driving and played altogether better than the Americans."

Harry Payne Whitney rolled on the grass with glee when the first goal was scored by the Americans, but he soon relapsed into a profound silence that ended only with the game.

It was a triumph of magnificent team work and individually brilliant play. The American team was out played at every point of the game. Both offensively and defensively the British players showed superiority from the opening to the close, and there were but flickerings of the aggressively brilliant work that three quarters of the same team showed in both the 1911 and 1913 contests.

The Americans were as a team with out a leader like a disorganized quartet. The body was there, but the brains seemed missing. No one of the players had the quality of leadership, and what had been a perfect machine in years past seemed at times only fit for the junk heap, so erratic and disconnected was its movement.

With a jump of two goals in a little more than two minutes of play the English seemed to disorganize the American players.

TELEGRAPHIC TICKS.

A corporal of the French aviation corps was killed at Toul when the aeroplan which he was piloting fell 150 feet. A sapper, who was a passenger aboard the machine was probably mortally injured.

The John Addison Porter prize of \$500 for original effort, the most important at Yale university, has been awarded to Philip Barrow Whitehead of the graduate school. Mr. Whitehead comes from Jamesville Wis.
